Re: Steven Rosenberg
Mediation Offices of Steven Rosenberg

To Whom It May Concern:

I have had the opportunity to use the mediation services of Steven Rosenberg in three separate cases. Two of the cases were factually complicated employment disputes. Each of the cases resolved after an all day mediation session.

I highly recommend Steven Rosenberg as a mediator for litigation related matters. He is very knowledgeable regarding the mediation process. He is also very respectful of the role of the client in the mediation process and takes great strides to include the client in the process in a very constructive manner. He takes the time to learn the facts presented to him in advance of the mediation, and is prepared to discuss the facts of the case.

I recommend Mr. Rosenberg as a mediator to other counsel. I intend to use his services again in the future.

Very truly yours,

David C. King
